## THE STYLE FILES: KEVIN WALSH

Kevin Walsh is the talented interior designer and proprietor of the design firm and design store, [Bear Hill Interiors](#) in Little Rock, Arkansas. Over the years, we have gotten to know each other on trips to High Point and through social media. In fact, Kevin is one of my favorite people to follow on Instagram. Kevin has beautiful taste and an impeccable eye for style. I love seeing glimpses into the beautiful home he shares with his partner Brett and their two dogs, Ruby and Roxy as well as sneak peeks of his latest projects, whether they are completed or in progress. Kevin's work a fresh, pretty, tailored spin on traditional interiors, has been featured extensively in magazines including *Luxe*, *Southern Living*, *HGTV*, and *At Home In Arkansas*. Just last summer, Kevin received the distinction of being named one of Trad Home's 10 New Trads of 2016. Kevin is one of the kindest people in the design industry. Enjoy!
