

6 Napa Valley wine regions where you can taste on foot

Leave your DD at home and explore the best wine Napa Valley has to offer—on foot. These six wine districts promise plenty of tastings, DUIs excluded.

Every tasting room in downtown Yountville is required to dedicate a percentage of space to retail, which means you can shop for art, decor, furniture, and more while you sip. Then stick around for dinner at one of Napa Valley's finest establishments, like the French Laundry, Bouchon or Bottega.

Shamelessly dripping in gold and crystal, the [JCB Tasting Salon](#) (6505 Washington St., Yountville) offers sensory overload. Choose from three tasting flights and hide your wallet as you admire their luxe collection of JCB jewelry, perfumes, and candles, eclectic coffee table books, and Baccarat fine crystal. Then snack on fine caviar, meats, cheeses, and other delights right next door at Atelier, JCB Collection's new epicurean boutique.
